PLEASE NOTE CAREFULLY

NEW ANNUAL DISCOUNT TERMS

£25	per annum	5%
£50	„ „	7½%
£100	„ „	10%

These discounts date from the 1st of July, 1940, to the end of the year on orders for Maws' Dressings First-Aid Sets and Maternity Sets, etc.

The following items are not subject to Discount terms:—

HADLEY COTTON WOOL	SANITARY TOWELS
6d. and 1/- cartons COTTON WOOL	THROMBIN DRESSINGS
PROPRIETARY LINES	

1940 PAYMENT. Payment for annual dressings discount (annual bonus), this year will be made as usual at the close of the year. It will be computed for the first six months on the standard discount rates for the first six months of the year on half the stipulated annual purchases. The discount for the last half of the year will be computed on the scale above for half the scheduled quantities.

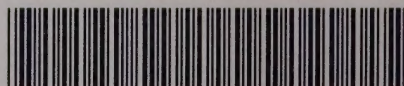

REASONS FOR REDUCTIONS. The reduced prices in this list are the result of a reduced wholesale margin of profit in keeping with the provisions of the Prices of Goods Act. Because the margins are sharply reduced it follows that there must be reduction in the annual discount payable.

TERMS. Our terms are nett monthly account and payable on or before the 14th of the month.

CLOSING DATE FOR DISCOUNT SCHEME, 1940. Customers are reminded that all orders for inclusion in the Annual Discount Scheme must reach us before December 25th. Orders arriving after that date will be included in the following year.

INTERLEAVING. Owing to Board of Trade regulations the use of tissue for interleaving Cotton Wools, etc., is prohibited. therefore future supplies of some items will not be interleaved.

S. MAW, SON & SONS, LTD. LONDON & BARNET

ALDRSGATE HOUSE, BARNET, HERTS.

Telephone—Barnet 5555

FOR 1940 IT MUST BE MAW'S DRESSINGS

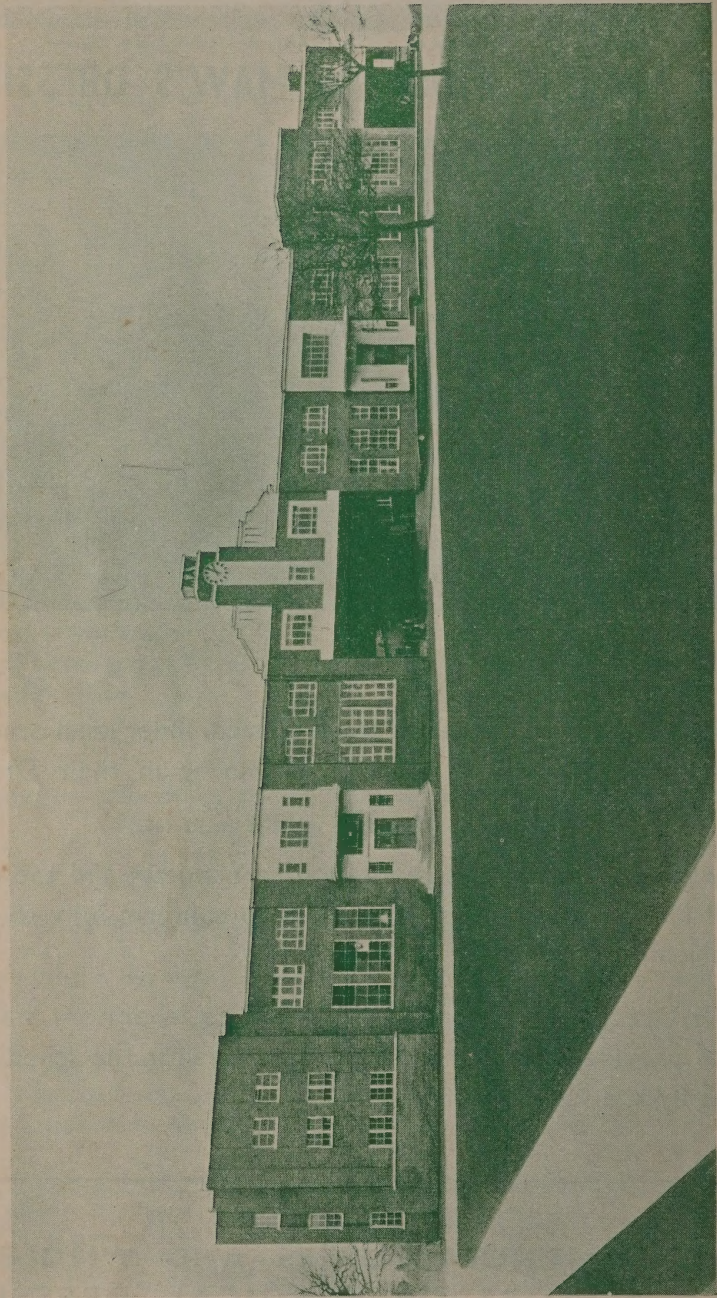

Maw's Yellow Pack Dressings are produced under ideal conditions by skilled workers and modern machinery in their Dressings Mill at New Barnet.

They have a world-wide reputation to maintain and the quality of all Maw's Dressings is guaranteed to conform fully to official requirements.

Maw's Dressings are continually tested to laboratory standards which provide a good margin of safety against the schedule set down by the Ministry of Health.
